Information

All frozen grapes are packaged as they are picked. No adjustments, blending have been made. You get the fruit as nature intended it to be and the rest is in your hands. Black grapes are crushed and destemmed in 5us gallon /18.9L plastic pail. A red pail yields approximately 3 us gallons of wine. Whites are picked, crushed, destemmed, pressed and settled into juices with no skins packaged as 5.25us gallons/ 19.9L. Each white pail will yield approximately 19L of finished wine.

All frozen Brehm/Bosa products must be preordered and prepaid. As always we sell our grapes on a first order and paid, first serve basis. Get your orders in soon to secure your priority place. No order will be processed unless paid in full at time of order placement. Date of distribution will be in November. Storage is available at a Burnaby freezer at \$25.00/pallet/month + a one time in and out fee of \$25.00 if you are unable to pick up upon arrival.

Brehm frozen grapes have so much flavour that they can be reused into a second blend combining them with the 23L all juice. This is the best way to stretch your dollar, allow the Brehm grape wines to age and enjoy some fine wines.
