Bosagrape's 2024 Spring Fresh Juice Selection

Important Information about Fresh Juices

- All fresh juices must be pre-ordered. The ordering deadline is **May 9th, 2024**.
- A 50% deposit is required for any orders to be processed.
- We do not provide storage facilities for any fresh juices. You must be prepared to pick them up immediately once they arrive.
- The pick-up date is anticipated to be **Wednesday, May 29th, 2024**. We will call you approximately 1-2 weeks in advance to schedule an appointment time. At that time, you should order any other supplies you need so that we can have them ready with your juice.

Fresh Juices from Chile, South Africa, and Australia

Available every spring, but for a limited time only! And only by pre-order. Each 23 L/6 US gal pail is supplied with the right balance of oak chips (if you want them), and the level of toast as well as the quantity have been matched to each individual Fresh Grape Must.

Unlike our kits and AllJuice pails, the Fresh Juices do not come with any yeast, nutrient, potassium metabisulfite, potassium sorbate, fining agents, or labels. When we call you about a week ahead of the pickup date, we'll help you sort all that out.

Prices subject to change without notice. To order, call us at 604-473-9463, email orders@bosagrape.com, or shop online at ecom.bosagrape.com.
